The New Parent Support Program (NPSP) provides services to parents with children five years old and under. The NPSP conducts home visits and teaches Baby Basics as well as Nurturing Parenting classes. The program helps soon-to-be, new and even seasoned parents improve their parenting skills, under the careful guidance of licensed providers.

#### 12 Steps to NPSP

- Prepare for parenthood
- Become more confident as a parent
- Understand the ages & stages of your child's development
- Develop a support system
- Manage stress
- Improve communication
- Develop common ground with your spouse regarding parenting
- Improve your relationship with your children
- Develop new friendships
- Make parenting fun
- Be a better parent
- Feel more at home in the military community

## Sexual Assault Prevention & Response

The Behavioral Health Branch (BHB) is committed to ensuring the mental wellness of our Marines, Sailors and their families. Our mission is to provide evidence based prevention and intervention techniques, focusing on a holistic approach to include mind, body, spirit and social aspects of one's life, in order to enhance the readiness of the Marine Corps.

#### SECTIONS INCLUDE:

- Community Counseling Center (CCC)
- Family Advocacy Program (FAP)
- Substance Abuse Counseling Center (SACC)
- New Parent Support Program (NPSP)
- Sexual Assault Prevention and Response (SAPR)

The Family Advocacy Program (FAP) assists commanders by providing prevention classes and briefs aimed at stress reduction, improved marital communications and parenting skills. When domestic or child abuse has already occurred, FAP will offer victim advocacy services and interventions designed to provide support for victims of abuse and reduce the risk for repeated incidents.

The Substance Abuse Counseling Center (SACC) provides services for those experiencing concerns about or issues related to their alcohol or substance use. Our services are safe, effective and client-centered. SACC services include prevention and educational services; as well as screening and treatment services. SACC's goal is to provide the best quality care in the most efficient manner.
