PLANNED ELECTRICAL OUTAGE MAP

TP24003M Repair Electrical Distribution System | Mainside Cantonment

AFFECTED AREAS

Areas remaining powered shown in color

COGEN 1 — CIRCUITS 1, 2, 3, AND 4 POWERED

Coverage. 1st Street to 9th Street, Del Valle Road to Gillespie Road.

Effect. All four Cogen 1 circuits remain energized. Facilities in this area will be on Cogen 1 power for the duration of the outage. Treat unshaded areas without commercial or Cogen power; if your building has a generator and you are outside these areas, you will have power.

COGEN 2 — CIRCUITS 1 AND 2 AND DEL VALLE AND EE SUBSTATIONS POWERED

Coverage. 9th Street to 16th Street, Del Valle Road to Gillespie Road

Effect. Cogen 2 circuits 1 and 2, Del Valle, and EE substations remain energized. Facilities in this area will be on Cogen 2 power for the duration of the outage. Treat unshaded areas without commercial or Cogen power; if your building has a generator and you are outside these areas, you will have power.

HOW TO READ THIS MAP: Colored overlay = remains powered by the indicated cogeneration plant. Unshaded imagery = de-energized during the planned utility outage. Scale is approximate.
